PE5
Electrodes

- *Flat response from DC to 10 000 Hz*
- *Recommended contact resistance: 0-5 kΩ*
- *Compatible with the Pre-amplifiers System*
- *Low noise, Low offset, Low drift*
- *Non-Polarized PbCl2*

- *Long Life, Easily rehydrated*
- *Porous ceramic contact surface and conductive slurry to prevent polarization*
- *Heavy-duty construction to protect against weather and temperature variations when buried*

- *Dimension: H13 x 7,25 cm diam.*
- *Weight: 0,7 kg*

Small, Light, Long Lasting
